

NYC-METRO AREA TRANSGENDER AND GENDER NON-BINARY (TGNB) COMMUNITY RESOURCES

Callen-Lorde Community Health Center and Mount Sinai Health System

There are many resources out there for Transgender and Gender Non-Binary (TGNB) people! This is a guide to community organizations and social and supportive services in the NYC-Metro and surrounding areas that are either known to have experience working with TGNB people, or who offer unique services that some in the TGNB community might need. However, *the presence of an organization here does not mean that it will be a safe referral for all TGNB people.* If you have any concerns, it is always a good idea to bring a friend or other supportive ally with you.

Finally: Resource guides are always evolving! We hope to keep up-to-date. If you are starting an organization or service for TGNB people and want to be added to this resource guide, please email info@callen-lorde.org or lgbtinfo@mountsinai.org.

This guide is created for TGNB people in the NYC-Metro area. Inclusion of organizations here should not be taken to imply endorsement by Callen-Lorde or Mount Sinai Health System of these organizations.
