Mount Sinai Enterprise Information Exchange Consent Form

In this consent form, you can choose whether to allow Mount Sinai Health System (MSHS) to share your medical records with your non-Mount Sinai healthcare providers and to allow MSHS to access information about care provided to you by non-Mount Sinai providers through four health information technology platforms: the Mount Sinai Health Information Exchange ("Mount Sinai HIE"), Epic Care Everywhere, Carequality, and Healthix. These platforms can help collect the medical records you have in different places where you receive healthcare services and make them available electronically and securely to the providers treating you, thereby improving the quality of your healthcare services. To learn more about this kind of sharing in New York State, ask your provider for the "Better Information Means Better Care" brochure or find it under Resources on the ehealth4ny.org website. Upon request, your provider will print the participating provider/information sources lists for you from the websites mentioned below.

(1) Mount Sinai HIE: Give or deny consent to allow the participants (their employees, agents or members of their medical staff) listed on the Mount Sinai HIE website mountsinaiconnect.org ("HIE Participants") to access your electronic health information maintained in the Mount Sinai HIE, including records from your other healthcare providers authorized to disclose information through the Mount Sinai HIE.

(2) Epic Care Everywhere and (3) Carequality: Give or deny consent to allow the healthcare providers, their employees, agents or members of their medical staff, listed on the Epic website at epic.com/careeverywhere and the Carequality website at carequality.org/active-sites-search to access your health information maintained in the MSHS electronic medical record systems. Regardless of your choice on this form, a provider at another participating organization may still ask for your authorization at the point of care to access information in your Mount Sinai electronic medical record.

(4) Healthix: Healthix is a Health Information Exchange or Qualified Entity (QE), a not-for-profit organization certified and regulated by the New York State Department of Health to collect and aggregate information about medical services you received. Give or deny consent to allow MSHS (our employees, agents or members of our medical staff) to see and obtain access to your electronic health records from your other healthcare providers authorized to disclose information through Healthix. A list of the current authorized providers can be obtained on the Healthix website at healthix.org or by calling Healthix at 877- 695-4749. You can deny consent to ALL provider organizations and health plans participating in Healthix to access your electronic health information available through Healthix at the same website or phone number.

YOUR CHOICE TO GIVE OR TO DENY CONSENT MAY NOT BE THE BASIS FOR DENIAL OF HEALTH SERVICES OR HEALTH INSURANCE COVERAGE. PLEASE CAREFULLY READ THE INFORMATION ON THE ATTACHED FACT SHEET, WHICH IS PART OF THIS CONSENT FORM, BEFORE MAKING YOUR DECISION.
